

# ASHLEY COMMUNITY SCHOOLS

## INFORMATION CONCERNING TOXIC HAZARDS

The following areas at Ashley Community Schools may have or may allow exposure to toxic substances. Staff members should be aware that exposure to any of these substances may cause possible health problems. Staff members concerned about exposure to any potentially toxic substance they may encounter while performing their duties should contact the Central Office or consult the Material Safety Data Sheet (MSDS) for the product on file in the Maintenance Department or available from the manufacturer.
