SEATED: Sharon Cumberworth, Duane Vissering, Assistant Editor; Alice Fowler, Editor; Mary Lou Bigelow, Lawrence Follett, Business Manager; Judy Eastman.

## *A year is recorded for "Bear Tracks."*

This year for the first time in Ashley School a journalism class was established.

It is in this class taught by Mrs. Bates that the make-up of the annual and the school newspaper takes form.

Though the make-up of the annual is done by the seniors, each member of the journalism class has and is responsible for his assignment on the "Spotlite".

To carry out the responsibilities necessary for the paper a newspaper staff was chosen by the class.

Ruth Kimmel the Managing Editor is responsible for all the assignments excepting sports.

As News Editor, Elaine Martinka sees that the managing editors assignments are carried out.

Special Feature Editor is held by Marilyn Long.

George Zimmerman, Jackie Bigelow, Patty Thayer, Judy Eastman and Susan Haynes are the five copy editors. They check the errors in the news copy.

As the class must meet its own ex-

penses a business manager is necessary. Duane Vissering holds this position.

Hubert Rose is the Circulation Manager. He sees that the paper is available to all buyers.

Office Manager, Ruth Ann Thompson takes care of all typing, stenciling and newspaper equipment.

Advertisements are taken care of by Jon Cordray, Advertising Manager.

The annual is an important part of our school. It gives an account of school activities for the year.

Those responsible for putting out the annual are: Editor-Alice Fowler; Co-Editor-Duane Vissering; Business Manager-Lawrence Follett; Junior Assistant Editors-Sharon Cumberworth and Judy Eastman; Typists-Rosalie Contreraz, Helen Smolka and Ruth Kimmel.

Though both the newspaper and annual have been put out in previous years without the aid of a journalism class we feel it is an addition to our school because of the training derived.
