

## Freshmen Basketball

The year was not a successful one, but six young men played their hearts out. With only six players, they had to play through fouls, tiredness, bigger teams, and loneliness. There were some good moments and I think the players enjoyed themselves. The best of the world ahead of 1976 Freshman team. Coach: Mr. Paul Hornak.

## 8th Grade Basketball

The 8th grade had a successful basketball season ending up with a record of 8-2. As a team they had good size, good speed, and the ability to use both. All of them should prove very helpful on Ashley's future basketball teams.
