# JUNIOR VARSITY

Overall we had a successful season. We started out slow, loosing our first four games. About Christmas break things fell into place and we were able to run off a nine game winning streak. We tapered off near the end of the season as some changes were made. We sent two players to the varsity and brought up several freshmen to our team. These young men worked hard and never stopped hustling to help make up for the mistakes we made. Each player worked hard to do his part.
