

LOOKING GOOD . . .

Two of the major events of the school year are the Carnival and the Arbor day events. The photos on pages 84-85 show some of the activities that took place at both events. The carnival is put on by the PTO and is used to raise money for the use in the betterment of the school. Much time and effort is put into the carnival and it is fun for everyone who comes. Arbor day is for the betterment of the community. The students pick the village area and improve the community's Environmental looks.
