Very few teams can generate enough pride, dedication and enthusiasm and undergo the kind of discipline that's needed to have an undefeated season. We did! What's more we only gave up 22 points all year long.

Anyone can play football, but we believe it takes a person with character and a lot of heart to be a championship football player. We had 22 characters with a lot of heart. My congratulations to the team and my thanks to coaches, managers and stat keepers for their help in making the 1978 Jr. High Football campaign successful.
