The season started in August with a great deal of enthusiasm and ended the same way as the Bears dug their claws into a Vestaburg team. We ended the season with a 5-4 record. We felt that we should of had one more in the win column, but the signs were not in our favor as we lost to M.S.D. in a double-overtime ball game. We felt that our young men at Ashley gained some valuable experience and lessons in the game of football and in life during the 1978-79 football season.

We did not have a very successful season as far as our win-lost record was concerned. The players gained valuable experience which they may not have had the opportunity to have on the varsity squad. In that light the coaches feel that our JV season was a success and we are looking forward to these experienced players helping our varsity to League Championship next year.
