The Ashley Bands have had a very successful and prosperous year. We started the year with a very exciting football season which included a performance at a M.S.U. football game. Despite bad weather, the Christmas concert came off very well. Next we journeyed to district band festival, where we received an excellent II rating. Before we knew it, Spring was upon us, which meant the concert, the banquet, the trip to the capitol, and our playing marathon. Good job . . . to one very hard working and dedicated group of kids.
