The 1981 Girls' Junior Varsity Basketball team started the season with little experience and without knowing what to expect of themselves. They hoped to gain experience and improve their game as the season progressed. Their record shows the young girls improved immensely, maturing from a mediocre team into a fine team which won seven out of its last eight games. The Girls finished with an 8-2 MSAC record and an impressive 14-6 overall record.

Sandy Litwiller led the JV girls with an 8.9 points a game average and a team leading 76 steals. Susie Seals tossed in 5.8 points a game while averaging 7.9 rebounds per contest. Jodi Plesko also pulled down 7.9 rebounds a game.

Litwiller was honored with the MVP trophy at the fall athletic banquet.
