This years three cheerleading squads were active in a number of activities throughout the athletic season which brought spirit and enthusiasm into the school. They made it obvious that there is a lot more to cheerleading than showing up on game night to cheer on the team.

The girls were busy throughout the year making posters and banners for the games and holding pep assemblies before the homecoming game and district basketball game. At the basketball pep assembly the girls did a pom-pom routine which they had worked long and hard at. They also made flags for the Bear fans to wave at the tournament game.

The cheerleaders held two bake sales for the year at which they worked to raise money for the new pom-poms.
