

English, Social Studies, Science, Mathematics, Industrial Arts or Home Economics, and Physical Education; some time ago, the great counselor in the sky decided that every student at Ashley High School should receive his or her fair share of these courses. Therefore, the master counselor above stated, "Every Ashley student needs to pass four units of English, Social Studies; two units of Science and Math, one unit of consumer economics, and physical education." If these requirements are met and a few other small details are completed the graduation honor is given. These small details are completing specific requirement like passing English 9 class and English 10 class and Civics and American History and Government and Consumer Econ. and one unit of P.E. and Health Education. Each student will be calssified by grades and credits must be passed to advance each year in classification. The freshman year requirement is passing eighth grade, if five units are passed the freshman year the sophomore tag is place on each person. If a total of ten units are passed the lable of junior is awarded, and if fifteen units are passed the greatest award of all is given, the Senior honor is received. Twenty-one units must be passed for a student to graduate from Ashley High School.
