

# Of Tender Love

This year's prom was held May 10, 1986, and the theme was Tender Love. Festooning the gym ceiling were streamers of pink, white, and silver. Stars of the same colors dotted the ceiling and walls. There was a lighted stream and trees setting off the old gym nicely, and a hanging gazebo in the middle of the floor. A couple hundred pink and white balloons were strategically placed throughout the gym, and kissing rings and angel hair finished the ensemble giving the room a fantasy effect. In the words of the junior class sponsor, Mrs. Luneack, it was "gorgeouser" than any other prom she'd seen.

The students really got into the swing of things with at least 30 couples attending the festivities. Sophomore Jamie Plesko and her date wore matching tuxedos to the prom, making the night a fun and memorable occasion.
