

Seniors

Dedicated to the Class of 1986

Yesterdays

Looking back at yesterdays
When we were little kids
Laughing, learning, playing
All the crazy things we did
Moving up to high school
The biggest step we took
New and unfamiliar faces
Almost everywhere we looked
Now we've made it to the top
We're finally here at last
So now I'd like to thank
My very special class
I'll cherish all my life
The memories we've shared
Thanks for being my friends
For showing how much your care
We're nearing the end
Of a part of our life
But we're beginning again
To work through the strife
Things may sometimes happen
That will often get us down
But we'll have to get back up again
And smile away our frowns
Allow yourself to dream
And strive to be the best
Never settle for second
Time will take care of the rest.
