

# AHS Buzzez

There are many groups here at Ashley, ranging from cadet teaching and office practice to the newly founded Students Against Drunk Driving(SADD). Each group sings their own song, from a song of business and journalism to a song of concern in SADD to a song of silence in Mime Club.

The different groups are always busy doing fund raisers. Whether it is selling cheese and sausage for band, getting ready to put on a play for Drama Club, or organizing a SADDY Hawkins dance and raffle for SADD, there is never an empty day for a member; the daily bulletin almost always contains a time for a meeting of one or more of these groups.

These groups may not always be singing the same song, but the different songs blend together to form a peaceful buzz of activity.

1. Will you give me a hand?
2. Look at me, mom!
3. Where does this go?
4. So, what's next?
5. Hug me, please.
