

# FHA Tries To Rebuild

According to FHA President, Sherry Cook, this was a year of rebuilding as the FHA struggled to get back on its feet after several years of being relatively inactive.

The organization did sponsor a rock-a-thon and also attended a convention at Michigan State University, but the main FHA happening was the fashion show held in the Spring. Students modeled fashions from area clothing and bridal shops; plans are to make this an annual event.

## Group Pushes For SADD

A Multimedia slide show and a SADDY Hawkins Dance were two major projects of the Ashley branch of SADD this year. The group, newly established in the 1985-'86 school year, grew to between thirty and forty students this year. President Cara Burk was always looking for new ways to get people involved but felt she wasn't as successful as she wanted to be.

Rob Kral, Cara Burk, and Tracy Coon belong to SADD (Students Against Drunk Driving). The purpose of the organization is to convince students to refrain from driving and drinking. Many students sign agreements to call a parent if they find themselves unable to drive safely.
