

We Like To Count In Twos

"This year's team was the best scoring team we've had in a long time," stated Coach Hendricks.

Many people agree that this year's team was blessed with good shooters. Shots were consistently swished from both inside and outside the paint, chalking up points on the scoreboard.

Unfortunately, points were chalked up for opposing teams also, forcing a goal of better defense on the Bears. The boys worked hard to improve their man to man defense, and doing daily drills accomplished their goal.

"We found out that defense will win a game just as well as offense," stated sophomore Tommy Lamey.

This year's team excelled in offense. Sophomore Tommy Lamey, junior Tom Belongia, and freshman Jimmy Stehlik show that drills do pay off as they try to work the ball into the lane.
