Jr. High Girls Improve

According to coach John Haruska, at the beginning of the season there were some girls who had some conflicts about being better than others. It seems that no matter what sport it is, you will always hear that comment.

John Haruska, the seventh grade coach, summed up the season by saying, "We improved through the season by picking up more skills and were more aggressive as the season continued, which got things going for the team."

Stated coach Joe Gavenda, "We had good teamwork and I tried to get everybody in the game to play."

Most coaches only believe in trying to win, but not the eighth grade coach, Joe Gavenda. He believes in letting the girls have a chance to play and have fun at the same time. Nothing really affected the team, because they just went out and played their hearts out.
