Class treats guests to Foods Feast

The Pilgrims would have been awed by the quantity of food prepared and served by this year's Foods class for their traditional Thanksgiving Dinner.

Golden, baked turkey with dressing, creamy mashed potatoes, gravy, vegetables, and salads were topped off with everyone's favorite desserts: pumpkin pie and cherry-topped cheese cake.

Besides the class and their teacher, Mrs. Bongard, the guest list included the teaching staff, Mr. Wayer, and Frank Bongard.

Painstaking work, then

Artists In Exhibit

Projects of this year's art class included paintings, drawings, and ceramics, which were viewed by the public during the Spring Band Concert.

These projects were done with care and were very well executed.

One of the students, Angel Pingel, painted a picture of the natural wilderness with water paints. She exhibited this work in the art show.

The students worked hard on their projects, making the art show a huge success and a challenge for all art students.
