BUZZING IN! Perry Thompson, Amy Fabus, Kim Morris, and Charlie Howes wait patiently to hear the question. The quiz team ended up losing to Belleville in a heated competition.

## Want A Challenge? Try Playing Mind Games

On February 4, the quiz team arrived nervously at Alma College, hoping for a victory over Belleville High School. With a few fans making up the cheering section, the competition got under way. The squad stayed close early, but weren't able to stay within reach and were defeated. "Even though we were defeated, it was a lot of fun and a real nice experience. Maybe next year we'll get them," commented Charlie Howes.

## SADD Goes Back

### To The Beach

Where can you go to enjoy some good sloppy joes, do the limbo, and just have a real good time?

Nowhere but the Surf's Up To Safe Driving Extravangaza! SADD President Kim Morris commented, "Having this dance showed that you can still have a real good time without having to drink and drive. We didn't get everything accomplished we wanted to but with the leaders we have for next year, SADD should continue to grow."
