

Where Does Ashley Rate? At The Top

Many things come to mind when people think of Ashley. You may think of our scrappy football team or our determined girls' basketball team. Perhaps you think of our band, which is small yet highly rated. But we all can agree that when someone says, "Ashley," everyone thinks small. That is, if they first don't ask, "Where is Ashley?"

One thing is certain, Ashley can compete. We "just do" whatever it takes to be recognized. Sometimes that can be a funny face and photo with a pal, an orange pass just done for fun, or an exuberant dance at a pep assembly.

Ashley is a unique place and each one of us has our individuality. We kids are separate personalities within the school. We are names and faces with character and ideas and not just a number in the hallway. We can pull together when we need to, become one as a whole.

Whatever the reason, place, or time, the kids at Ashley will "JUST DO IT" to stay on top — unique, yet together.
