

Pace yourself
and do the best
you can do,
and soon you'll be

Getting It Done

Giving it your best is part of the Just Do It spirit here at Ashley. When students make up their minds to do something for the school or for a class, they get it done, and both the students and faculty are always willing to give a helping hand.

Two of those helping hands belong to Cyndi Surdock, who spent a lot of her time running around for other kids and teachers, always smiling and laughing. But she needed a little help sometimes, and that's when school counselor, Mr. Sanford, was willing to help her make a selection of a good college.

Practice and hard work are the keys to getting it done in the band and it paid off for them this year when they went to Dansville and took the crowd response award and second overall in class "D". Next they moved to St. Johns and stomped all over the grid-iron. That was the end of the invitational marching season.

THAT SIX WEEKS PROJECT is the part of Mrs. Martinez's social studies class that most kids hate when they hear about it. That's what Dominic Lowe thought until he got into it.
