"Just Do It" Was The Dare — We Reply:

It's Done!

The 90's are here and, yes, AHS is still alive. We still have the closeness and pride that have always been here. If you want to meet a group of people who care about each other and know how to get things done, then you should stop by the old brick building that stands on the edge of the little town of Ashley.

The theme of this yearbook is Just Do It. AHS doesn't just do it, they do it well. From academics all the way to sports, you'll find students striving to do their best. As the class of 1990 moves out, the new ideas and values of the class of 1996 move in, but the teachers that form them will still be here. The 1989-90 school year is gone forever, but the memories it left behind will always be here.
