

NEW FRIENDSHIPS. Mr. Shawn Feeley and Mrs. Tammi Kral are both new teachers at Ashley. Mr. Feeley is a brand new face to the students of Ashley, while Mrs. Kral graduated from Ashley High School. They get to know each other as they look at a magazine in the library.

Not Just Teachers

They're People, Too!

Our teachers are busy people. Yes, that's right, teachers are people, too. Did you ever wonder what they do after school or on the weekends?

The most popular spare time activity is reading. Mr. Sherm Hendricks says he likes to read books about exploring the Old West.

Mrs. Karen Martinez remarked, "I clean house and watch basketball games in my spare time." Mr. Paul Hornak commented, "I mainly do housework, but on Saturday mornings I watch my daughter play basketball and on Saturday nights I go to church."

So, when you think of our teachers, think of them as people. They're just like you and me.

BUSY, BUSY, BUSY, Mrs. Suzanne Luneack is correcting a double page spread for a journalism student. She exclaims, "Journalism is the busiest, most hectic, frustrating, stress-filled class of the day . . . I love it!"
