

**"Eager, exciting, energetic, and a fun bunch.**

SMILE PRETTY! Kelly Lytle shows her spirit by dressing up for Halloween as one of the characters from the Rocky Horror Picture Show. People can usually find Kelly in the bleachers or on the sidelines yelling and cheering the teams on to victory. She is not one of the shyest people in the class, as everyone knows. Kelly has a lot of spunk and spirit. That attitude is part of everybody in her class. Kelly commented, "I figured that if I dressed up, people who saw me would also dress up, just to get into the spirit of future Halloweens and high school activities. I was very surprised at the amount of people who dressed up for Halloween."

## Juniors Have Spirit And More!

Personality, spunk, spontaneity . . . the juniors seem to have it all!

The class of 1992 is a special class. They dress up for dress-up days and Halloween. They also dress up for everyday. For instance, the speech class had to give movie reviews in pairs, so Adam Palmatier and Cory Gavenda reviewed *Bird on a Wire* as *Dorks on Movies*. They dressed up as *Dorks* sporting plaid outfits with taped glasses and dowdy shoes. Yes, this class definitely is a spontaneous bunch. People never know what they're going to do from one moment to the next. Of course, as you might expect, this class is quite rowdy when it comes to pep assemblies.

There has been a special addition to the class this year. Antonio del Cerro Gaston is our exchange student from Spain. Tony commented "My best friends here are in this class and these kids have occupied a very important part in me, as important as my friends in Spain and maybe more."
