SIGN LANGUAGE IS FUN! The freshmen show some of their fun loving spirit. Front row: Sara Felton, Dana Deming Second row: Ken Maier, Kelly Jurstick, Stephanie Murdock Last row: Dave Brown, Shannan Felton, Ellery Sosebee.

The freshmen like to have a good time and have a reputation for being loud and a little rowdy.

Freshmen Are Dynamic

The class of '94 is known for its explosive personality.

These kids are pretty mild-mannered individually, but when they get together, things sometimes get a little crazy. "We're an exciting class and every teacher wants us for a class," Stephanie Thiel commented.

This energy shows in the way their athletes perform, both male and female. Angie Brzak started as a freshman on the girls' varsity basketball team this year. Also, the kickoff team on the varsity football team was made up entirely of freshmen.

This outspoken class will definitely continue to be noticed in the future.

In the meantime, if you want to see some action, contact a freshman.
