Boy Bears Ignite!

Ashley Pride

As we all know, getting a new coach can have its good and bad points, but the boys' basketball team handled this season with pride and maturity. Although the guys ended up with a 6-14 season, they never gave up; Ashley's pride was shining through.

When asked how he felt about getting a new coach, junior starter, Cory Gavenda, stated that, "Everything Mr. Knauf wanted us to do was different from last year; we had to learn everything over again."

Dave Keller, a three year veteran varsity player, summed up the season as "Sort of a letdown, but after about the tenth game we all decided to just try and have fun!"

The guys had some very close games during the year and their hard work didn't go to waste. The Bears are losing four starters at graduation, but with eight returning lettermen, the Ashley Bears have high hopes for next year.
