

JV Dreams Turn To Nightmares

Bears Struggle Throughout Season To Keep From Basement

The 1990-91 Ashley Bears' JV team started off the season with a lot of hope and optimism. The Bears opened their season with the Eagles of Fowler only to come away with a 73-29 whipping. Ashley's next opponent was also a non-league adversary. This game proved to have the same outcome, as the Bears dropped their second game straight.

The Ashley JV team entered league play against Dansville with a 0-2 record, and hungry for a win. The Bears got their win and a 1-0 record in the league. This game was looked at as a new beginning for the Bears.

Their dream of a perfect league record soon came to a halt. The JV lost their next three straight league matchups to drop to a dismal 1-3 record in the league.

The JV managed to put together three more league wins and one non-league win, to finish the season at 4-12 in the league and 5-15, overall.

The Bears' poor season seemed to affect the feelings of all the players. "The season seemed boring; it would have been more interesting if we would have won more games," commented Tim Bush.
