Satisfactory Seasons

Come With Much Concentration And Hard Work

Hard work and dedication. Two major ingredients each athlete needs to make it on the Ashley basketball team. These two traits help the athletes accomplish the goals that they set for themselves.

The girls' eighth grade team finished with an 11-1 record, with only a few obstacles standing in their way. Coach Bill Cartwright said, "The girls had a hard time concentrating on the foul line." "The hardest thing that we had to do was beat Ovid-Elsie for the third time," stated Shelby Osborn.

The boys' season was similar to the girls'. They finished up with a 9-3 record. Coach Bill Cartwright commented, "One thing that was odd about this season was this group was very strong down low and very weak out front." Jason Pendleton reflected that if they could play the season over, he would. Why? "Because out of the three games we lost, two of them were in overtime. I feel we could have played much better."

One thing that the players realize for sure is that hard work really does pay off!!

FAST BREAKS PAY OFF! Sarah Brzak and Shelby Osborn contribute a lot to each game. At the end of the season, Shelby had 47 steals and Sarah had 83 rebounds.

EIGHTH GRADE GIRLS

23	MPSH	26 (OT)
46	Morrice	5
52	Vestaburg	14
