STUDENT LIFE

At Ashley Is

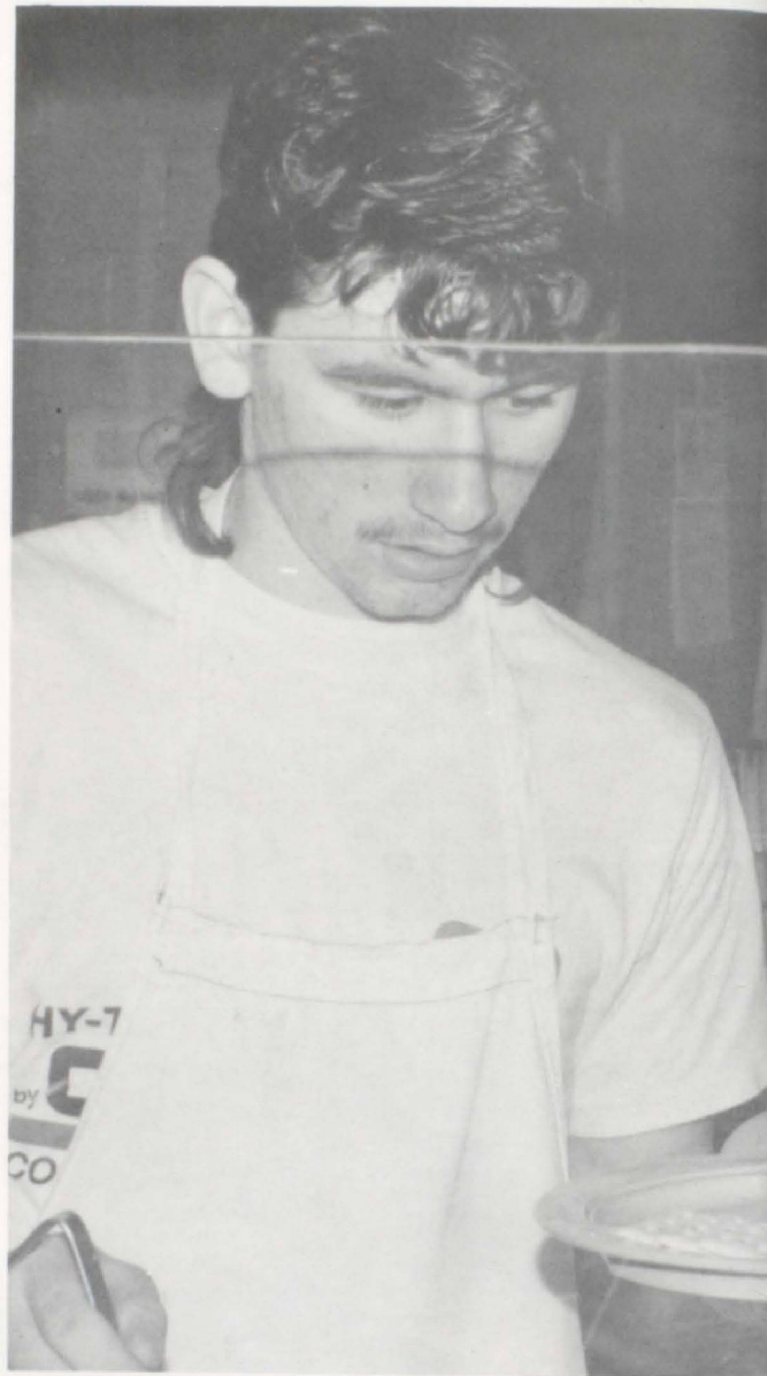

One Of Community.

Ashley is one family. One of the best times that the entire student body can share is lunch. Whether you buy a hot lunch, buy something out of the vending machines, or none of the above, you're there; you're a part of the Ashley family. Lunch is when you can take 30 minutes and do whatever you want. Just a few examples of the fun times you can have at lunch are playing basketball, catching up on everything with the friends you can't see during class, and of course, eating.

Sports, whether you watch or play, are an intricate part of life if you're a student at Ashley. Sports are a great time for the whole school to come together to cheer a team on to victory.

It's sometimes said that small places or schools are boring, but with all of the extra-curricular activities, sports, and friends you can make, the time is far from boring.

No matter what you are in-

involved in or whom you hang out with, Ashley is a great place to spend "all this time."
