

Was My Face Red!

"About my third year teaching at Ashley, I bent down to pick up a piece of chalk and heard this ripping sound and looked down and I had a 10 inch rip in my pants, from the zipper to almost my knee. Since I did not have another pair of pants in school, I spent most the day trying to find something to close the hole — duct tape seemed the best. Those were my best

pair of plaid pants, too."

Mr. Paul Hornak
 "I was substitute teaching once and was sitting in a chair with wheels. I sat down on the edge of the chair and it moved backwards while I sat on the floor in front of a room full of kids. It was hard finding a way to pick yourself up off the floor and not look real foolish."

FROHLICHER GEBURTSTAG! Mrs. Marilyn Gearhart wishes Mr. Shawn Feeley, German teacher, a happy birthday as he stuffs a cupcake into his mouth. Some of the teachers held a party for Mr. Feeley during their lunch hour.

HO! HO! HO! Santa Claus (Mr. Bruce Andersen) and Minnie Pearl (Mrs. Suzanne Luneack) were two important guests at the teachers' fifth annual Christmas Program. Santa passed out many gifts and Minnie showed off her price tag.
