Where Did the Years Go?

R. Woody

They say as you get older, the years go by quickly. According to one senior, "It feels like Homecoming was just yesterday." Gears changed quickly for the seniors. Before long they were watching the girls' districts against Fowler. Then after all that excitement, Chea Robinson appeared as Steve Urkel at the Christmas assembly. After the winter blahs came spring break. Before long the senior class was getting measured for caps and gowns and attending senior parties. The big day was May 15 for the seniors: their last day of school. Senior Joe Merignac commented, "Do what you have to then, because it goes by fast." The years went by fast but the seniors will always have the memories!

ARE THESE SENIORS? Yes, according to Amy Felton, Shawn Sopocy, and Teri Mills. These seniors take advantage of being "rule-free" to take a quick trip down the elementary playground slide.
