

# People

There have been lots of changes at Ashley through the years, from polyester outfits to jeans and tee shirts, surfing tunes to country music, and short bobs to long straight hair, but one thing that never changes is the bond that people share. Fads may come and go, but this special togetherness will always stay.

Years from now, a simple picture in this year-book may be all you need to bring a smile to your face and as the memories come flooding back, you will remember your time at Ashley High.

We may feel unsure about "keeping the change," but we can find comfort in the people of our every day life.
