## Class History

**T**his is it, the time we've all been waiting for — graduation. We take with us many memories of AHS.

The class of '93 entered kindergarten in 1980. Who would have guessed that our kindergarten teacher would follow us all the way through school as our class sponsor?

Elementary brought out a lot of imagination in the class of '93. Remember Dawn Strouse's "Love Potion" that everyone had to try or Robin Woody's slingshot that hit the teacher in the head?

Soon to follow our imagination came our discovery of the opposite sex. Who would ever have guessed that Josh Follett's continuous note-passing to Marsha Miller in the second grade would finally pay off?

However, Joe Skaryd wasn't so lucky when it came

to Sharon Keck. Who could forget Joe chasing Sharon around in his cute little checkered pants at every recess?

We have many good memories of our elementary years. However, we had a little trouble now and then — like Mrs. Orłowski and the ear-pulling. Every day someone new was pulled into the hall by the ear.

Finally we reached sixth grade. We were cool — at least we thought so. Our favorite game at recess was to run out to the magic carpet for arm wrestling matches. The boys were quite embarrassed when it came time to announce Nicole Peters as the champion.

As we entered junior high, things didn't change much. We thought being in junior high was a new identity boost.

Here we are, the class of 1993, consisting of only 22 students. We finally won our first spirit jar at homecoming and have taken first place in the float contest and Christmas decorating contest.

Although we are small, we take with us big memories of Ashley and as we chase our dreams, we hope everyone will remember the class of '93.

**MIXIN' IT UP!** Shelly Andersen prepares the infamous chocolate cream pie. The pies were for the pie eating contest during the Twirp Week noon relays.

**I SURRENDER! FASHION POLICE, TAKE ME AWAY!!** Sharon Keck shows her spirit during Twirp Week on Clash Day.
