## Team survives rough season

The varsity boys' basketball team had some disappointments, but for the most part they played very well. The team finished the season with a 10-12 record.

The Bears felt the season was a good one, even though a few players quit and the team ended the season with several underclassmen players. "For being a team of mostly younger players, we did well," com-

mented Jason Pendleton.

The Bears' major weakness was their lack of varsity experience. Their strong point was their height, which brought success in rebounding and scoring. Marty Cartwright, at well over 6 feet tall the tallest player on the team, had the greatest advantage over any of the other players because he didn't have to jump as high to rebound or shoot.

The boys met Vestaburg for their first district game, winning that match, 68-42. The second district game was a disappointment, however, concluding the season with a 36-68 loss to Fowler. "I was really disappointed because if we would have played right, we would have beat Fowler," remarked Warren Faircloth.
