Teachers Put In Time Helping Kids

As a new teacher just coming into the school system, Ms. Kristy Yodzevicis realized that she quickly became not only a teacher, but also a friend to her students. "I feel it's important to interact with students not only as a teacher, but also a friend because it's important that they know how I care about them as a person not only as a student."

Many teachers

share this same feeling from Mrs. Suzanne Luneack's and Mrs. Connie Bongard's informal counseling sessions to Mrs. Marilyn Gearhart's dramatic productions.

Almost all of the teachers are willing to put in extra time for students, from Mr. Steve Larsen's camping trips to Mr. Paul Hornak's late hours as a coach and athletic director.
