

"GIMME A SWIG!" Denise Garcia and Lisa Maier share a pop and a little conversation while Tracie Turner thumbs through a magazine.

"IT'S YOUR LEAD!" Christine Worden looks on as Dennis Milledge, Tony Miller, Corey Studt, and Randy Evans deal a game of euchre in their free time.

SPIRIT'S GONNA GET YAWW

Class Of '98 Heard Above The Rest

The eighth grade class may be nearly at the end of the line when it comes to seniority, but definitely not when it comes to school spirit! "Our class has lots of energy, loud mouths, and we love the candy in the spirit jar!" exclaimed P.J. McGillis.

Cheering and screaming at the top of their lungs just comes naturally for the eighth grade. They have

won many spirit jars and love the challenge of competing with the older classes!

Along with being one of the most spirited classes at Ashley, the eighth graders, when given a task, complete it with perfection. "When something needs to get done, we all work together until the finish," commented Lisa Maier.
