**SHOULD I GO, JIM?** Angie Brzak hesitates at third to steal home. Angie led the team with 30 stolen bases.

**Sportsmanship:** the quality of being fair, generous, a good loser, and a gracious winner.

The varsity girls' softball team displayed good sportsmanship throughout the season.

Picking the opposing team's catcher's mask out of the dirt, complimenting each other on a good play and even inviting Burton Valley Christian players to eat with them between games were just a few things that made the girls good sports.

Shawna Bornemann commented, "The Burton Valley girls really enjoyed the potluck and

thanked us for everything. I'm glad we got the opportunity to talk with them."

The MSAC League Sportsmanship Award has been captured by the varsity girls softball team for the past few years. In May, the team once again earned the prestigious award.

Angie Brzak commented, "I'm not only out there to win, but to do my best to help my teammates by playing hard and keeping a good attitude throughout the game, no matter what happens!"
