

Girls Dream Big

Finish season at regionals

The Lady Bears stuck together through thick and thin this year. Working hard throughout the summer, players dreamed of a state championship. Amy Strouse commented, "We all believed in each other."

The 1994 varsity basketball came roaring out of their cage in September devouring the Fulton Pirates. They began the league battle conquering the Webberville Spartans, having a victorious win 68-25. Although the girls suffered two losses early in the season, they proceeded to claw their way to the top becoming the league champs for the

fourth consecutive year, and capturing the district crown as well.

"We all know what to expect out of each other," remarked Kristen Fabus. "Work as hard as you can without complaining." As regional action began, they were victorious over Peck, but fell to Waterford in the regional championship.

Their dream did not become reality, but the friendship that lies within them still remains. "We're more like a family than a team," declared Erin Polash. Working together through a team and a friendship became the dream itself.
