

Triumphs and Hardships

Volleyball succeeds, cheerleaders disappointed

How could one team be so successful while another is plagued with problems? This was the case for the JV volleyball team and the cheerleaders.

The JV volleyball girls got off to a rip-roaring start and finished just as strongly. "This season was fun and we learned a lot. It was nice to have Ms. Moore there to help us out," commented Amy Strouse.

Coach Deb Schestag's team dominated with a 13-1 season. Cody Osborn said, "I enjoyed

having a winning season." The volleyball team had a great experience, and assistant coach Moore was a huge help.

On the other hand, the cheerleaders' seasons didn't go as well. A good year for them was blocked off by quite a few brick walls. Changing coaches in the middle of the season, a lack of interest in basketball cheerleading, and little support from fans made the cheering season somewhat disappointing.
