# what a night!

Great music, good food, elegant surroundings...a night to remember.

The mood is light and the music is loud. People are dancing, everyone's having a good time. Finally, the last song, "Hero," by Mariah Carrey comes on and the seniors grab their date; they know this is their last prom.

"Prom was great this year. I was really sad to see it end," commented Shari Drummond. The theme for prom this year was, "Drift Off To Dream." Alma College's Van Dusen Hall was decorated with black, gold, and teal pillars and candlebras. The highlight of the decorations was a

fountain with running water. "The decorations were awesome," said Missie Dennis.

Long after the music has faded away and the last tear has fallen, people will remember Prom 1996. "Prom went really great...I was happy with the turnout," commented junior class sponsor, Miss Michelle Moore.
