

I WANNA BE LIKE BETSY... Jenni Porter does her best Betsy Ross impersonation in Handicrafts. Cross stitching was one of the more popular projects for this year.

Sweat, paint, shoes, and crayons: what do these things mean to AHS students? FUN! Art and physical education classes have been enjoyed by students for the excitement, the spontaneity, the freedom to express themselves, and just breaking the monotony of an average school day. "Students should take art classes because it helps the thinking process, decision making, and acts as an outlet to express feelings," commented art instructor, Mrs. Marilyn Gearhart.

Besides getting you in shape, P.E. classes provide lessons in teamwork and create a lot of fun and memories. "I enjoy gym because it's not a normal class; we can run around and be crazy!" stated freshman Lisa Strnad.

Some of the activities that were enjoyed by students were glass paintings, basketball, sand paintings, Dr. Pinball and, papier-mache.
