AHS motto: Always make it different

What is it that makes school fun? Could it be the tests? The homework? ... or ... maybe... it's the people!

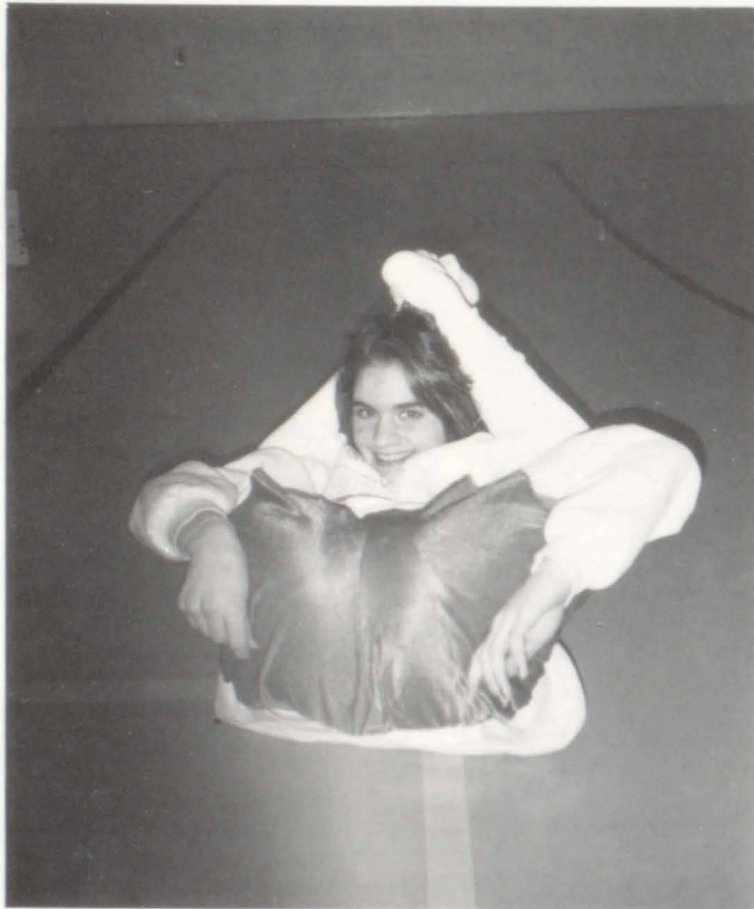

"The main reason I look forward to school is to be with my friends," said Josh Harnick.

School is made up of many people who go on the edge to do strange things. Remember, for example,

when Jason Keck got paid to eat Kevin Gavenda's loogie? "\$50.00 is a lot of money, but I wouldn't do it again," stated Keck.

Or maybe the time a group of freshman girls TP'd Mr. Gary McCrimmon's house. "We got caught and had to apologize to him. I had a lot of fun, and I'd do it again!" exclaimed Terri Kral.

DOESN'T THAT HURT? Shari Drumond demonstrates her ability to become a human pretzel before a home volleyball game.

FRUIT OR APPLESAUCE? Robert Czeiszperger and Jason Saylor help serve lunch to the elementary kids. "I enjoy helping because I get to see what I was like as a kid!" stated Robert.
