KISS MY FEET Chris Burgett tells Jay Ringle to kiss his feet during slave day. Jay did as his master said.

"Once the fire has been lit under the sophomore class, they have a very competitive spirit," said sophomore class advisor, Mrs. Sherry Reichard.

What kinds of things has the class done to have a lot of spirit, you ask? Well, Mandi Bearden had an answer to that, "We won Homecoming Week spirit competition and that proves we've got a lot of spirit."

Being different and the center of attention doesn't put a damper on the sophomore class. David Saylor agreed when he said, "We don't care what other people say or think, we just do what we want."

The sophomores have always been one of the front runners in keeping spirit alive. If they have that much spirit as sophomores, one can only imagine how much spirit they have in store for the years to come.
