

# Buckling Down

Ashley's smaller, less recognized teams ended their seasons with great achievements. The equestrian team came out with an outstanding third place, while the spirited cheerleaders led the rallies at the football and junior high boys' basketball games.

The equestrian team proved to be a dedi-

cated and determined group of riders. "Our team placed third out of seven this year," commented coach Lori Crocker.

Cheerleading coach, Dawn Landis stated, "The football cheerleaders did an amazing floor cheer that pumped the fans." The junior high boys' cheerleaders were dedicated and

hard working. Coach Landis commented, "My goal for cheerleading is to build the program here at Ashley."

With seasons like these, how can the equestrian team and cheerleaders go unnoticed for much longer?

QUIT HORSIN' AROUND! Ben Crocker takes his time saddling up his horse for an equestrian meet. "Being a member of the equestrian team is great because it gives Ashley a chance to compete with larger schools, like St. Johns and Haslett," stated Ben.
