

GO! GO! Lisa Maier leads off first base. Lisa had 15 singles during this season.

Top Notch Teamwork

This year's softball team has had good success. With few losses and a majority of wins, Coach Jim Lytle is happy with how his team has done. "The season went very well, as I had expected. Our record was very good, and the team played to their potential," commented Lytle.

As well as the team has done, there is still room for improvement. "The girls need to get better at fielding and batting. Those are areas where there is always room to improve. They have gotten much better in one area, though, which is playing together as a team. That is an important as-

pect of the game," stated Lytle.

Summing up the season, Melissa Bornemann said, "It's been a lot of fun, and I learned quite a bit. It was really great having three coaches, Jim, Rick, and Dee."
