

A. Strouse

Meet Terri Kral, sophomore, Snowball Queen, athlete, National Honor Society member, and incurable giggler.

Life from the perspective of the average student. What is it? Living on the edge, that's what most of the AHS students do. Homecoming week, Twirp Week, dances, pep assemblies, and cheering at sporting events are just a few things that the average student does.

What do they do after they get away from school? "I like to ride dirt bikes and horses," said sophomore Jonathan Whitford. A very nontraditional student has a totally different view on things. "I go to gatherings in Merrill and talk to

freaks and my ex-girlfriends," stated junior Andrew Saldana.

Do the students like going to AHS? "I like that Ashley is small," said junior Dameon Patterson. Not all students like the fact that AHS is small. "I don't think there are enough people here and I wish we had an open campus," said Jonathan Whitford. Doesn't everybody?

Although AHS is small, the students show as much spirit or more than the larger schools.

Angie Peters

what a crazy life!

HEY....MACARENA! Slaves Andy Densmore, Shaun Stoneman, Chris Burgett, and Kevin Gavenda do the macarena for their owners during Homecoming week.

AESOP'S FABLE? No, it's just Kari Bearden and Michelle Duranso doing their thing on Animal Day during Twirp Week. This was the first year that Animal day was part of the dress-up days on Twirp Week.
