

*Listening to
music is
something*
ALL
students
enjoy

Just about everybody likes to listen to music. People go to the dances, wake up to the clock radio, and listen to the stereo when they are bored. There are even some students who enjoy playing a musical instrument.

Guitarist/drummer Corey Studt commented, "Music has always fascinated me and I wanted to be able to do it myself."

But not everybody can play music. Most of the students enjoy just listening. Often you can see people listening to headphones on the long bus trips to games

or when a group of friends get together and just listen to the radio.

"I like music because it is better than watching TV," stated Nick Dolloff.

After football and basketball games many of the students go to the dances. PJ McGillis commented, "I like the dances because I'm one of the DJ's (and we play the greatest music ever) and everyone else has fun."

A lot of students listen to the radio on their way to and from school or when they go cruising. "In my car I have no radio," com-

mented Tony Miller, "but when I drive my mom's car, I like to listen to it. It makes rides seem shorter."

People are different in many ways but one thing that they all have in common is enjoying music. Whether it be rock, alternative, country, classical, or blues, everybody likes music.
