Full of spirit

"Engine, engine, number nine, hit one down the third base line," or "Two ducks on the pond, put another one on." Get a hit, quack, quack. Get a hit, quack, quack." Just a couple of the numerous cheers you might hear if you attend a varsity softball game. "We showed lots of spirit all season long, even when we weren't doing the best," stated senior Melissa Bornemann.

With two returning all-staters, expectations were high for this season. The team did have a lot of talent, but not a whole lot of luck. "It never seemed like we got the lucky bounce or roll. It seemed like we always had to rely on talent alone," commented junior Lisa Maier.

Even though

the season was not a complete success, the team still had lots of fun. Senior Stacie Fabus said, "We always kept our spirits high with lots of cheering and good team spirit."

So even though the season was somewhat of a disappointment, the team always kept good spirits.
