Is the sophomore class cool? Yes! In fact, the majority of this class believes that they are so cool, they are uncool. When asked to describe themselves in one word, they unhesitantly said, "Exciting," "Intense," and "Different." Different is good!

Kevin Fabus has a definite opinion about his class... "Though we're not always the best, when we pull together, we're a pretty fun class."

Leave it to Kevin to give a great answer! So, to sum it all up, this is a class that is not only strong, and exciting, but as Mr. Bruce Andersen, the class sponser said, "A great bunch of kids."

The sophomores still have a long way to go, but with hard work, and determination, they can make it all the way and have fun doing it!
