

Night Life

Homecoming Traditions
+ Memories Made

Tradition. A word used in association with many things of long standing. At Homecoming 1997, tradition was changed, reborn, and rose again, to preside over festivities in a flamboyant fashion.

As usual, the crowning of the King and Queen was top spot for the night's excitement and for the first time ever, Homecoming was celebrated on the new Bear field. Senior Denise Garcia stated, "It was neat to have Homecoming

on the new field. Of course it was different but everything must change and I think our school deals the best with change. We know the old way of tradition and we invent the new tradition, so I would say our school is very open minded to new ideas and constant change."

Another change that was added to the Homecoming festivities was having the dance on Saturday instead of after the game on Friday. Many students liked this, because it gave them more time to

be with their friends and not be in a constant rush after the game. Seventh grader Annette Cermak stated, "I really liked having the dance on a Saturday. Everyone was more relaxed and ready to have fun."

Through all the many changes Homecoming '97 endured, the night turned out to be a memorable experience for all who attended.
